

# *Britomac*

**HERD REDUCTION SALE**

**OCTOBER 16, 1963**

**Armington, Illinois**

## *Welcome to Britomac . . .*

Nothing I have ever undertaken has given me more pleasure than my Shorthorn herd . . . and no branch of my farming operation has proved more profitable. During the 43 years of this herd's existence we have followed the plan of never allowing the herd to grow larger than could be comfortably accommodated on our farm. Always our aim has been quality rather than numbers.

This will be our fifth auction. We believe it is the best group Britomac has ever put forward. The cattle in our past sales have gone into strong hands and have done well. We are selling several members of each of our herd families. These are the same kind as the nucleus we are keeping. I intend to keep breeding Shorthorns as long as I live.

I prefer to let the cattle speak for themselves. Mrs. McKenzie and I hope you will be able to be with us and that you will bring your family and friends with you.

*Carl D. McKenzie*

**These Britomac heifers sold in the 1959 sale. All are members of the Britomac Bride family. Three members of this family sell, Lots 30, 31, and 32.**

**ON THE FRONT COVER . . . These females all sold in the 1955 Britomac sale. Britomac quality and breeding have been appreciated by critical breeders for many years.**

**BRITOMAC PREFECT**

**SCOTSDALE MACBETH**

Britomac Prefect is the son of Scotsdale Macbeth that was retained for herd duty. We are confident you will agree he is one of the most impressive beef bulls you have ever seen . . . and that he is one of the best sires of the breed. He has what so many cattle lack . . . exceptional width, length of quarter, depth of quarter, great heart, deep-muscled fleshing. He has a strong head that denotes breed character, stands on powerful, sturdy short legs. He moves like a stock bull.

Twenty-four head in this sale are by Scotsdale Macbeth . . . 16 are by Britomac Prefect.

Scotsdale Macbeth is a son of the great Perth Supreme Champion, Calrossie Prefect, a bull that has certainly left his influence in the breed. He sired the International grand champion, Scotsdale Jupiter, the International reserve grand champion, Scotsdale Lucifer, the \$10,000 International Congress champion, Scotsdale Marshall, and many others.

Britomac Prefect comes from our outstanding Golden Glow family. Sni-A-Bar Golden Glow was my pick of all the Edellyn Campeon Mercury females in the Sni-A-Bar Dispersion. Air Raid Marshall and Ascreavie Priam both were excellent bulls used here.

# The Past . . . and The Future

In this business of breeding better cattle we must look to the past . . . not necessarily to revere it or to simply reminisce, but to appraise an animal for its heritage.

Every registered animal has a pedigree . . . and somewhere in every pedigree one can always find a few animals to expound upon. But a good pedigree is one that is backed by sound cattle . . . **all the way.**

Carl McKenzie has been a **breeder** of cattle . . . not a cattle multiplier. The herd was founded in 1920. He has developed female families carefully to the point where the results can be predicted. As a matter of fact, all 58 head in this sale are from a half dozen Britomac families.

The program has been a sale about every fourth year to keep the herd from growing beyond the capacity of the farm. The 1963 Britomac offering is the best in the history of the herd. The cows with calves at foot, dry cows, heifers, and bulls are remarkable for their uniformly high quality.

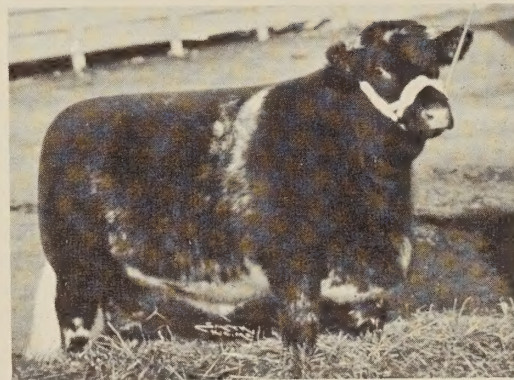

Any breeder sincerely wishing to add outstanding animals should attend this sale.

*Don Longley*

**THE SHORTHORN WORLD  
SALE MANAGER**

Calrossie Prefect,  
1951 Perth Supreme  
Champion. Twenty-  
four lots in this sale  
are by his son,  
Scotsdale Macbeth,  
16 by his grandson,  
Britomac Prefect.

Sni-A-Bar Nonpareil Gem, typical of the outstanding foundation females in this herd. First prize summer yearling, 1941 International. Eleven females in this sale trace to her.

# General Information

**TIME**—Wednesday, October 16, 1963. Sale will start promptly at 12:30 p.m. Lunch will be served at the farm.

**LOCATION**—The sale will be held at Britomac Farms, Armington, Illinois, owned by Carl D. McKenzie. Go west from McLean, Illinois, 5 miles on paved highway 136 to the Britomac Farm sign. Then turn north 2 miles to farm. McLean is on the main line of the Gulf, Mobile and Ohio Railroad from Chicago to St. Louis. We will be happy to meet your train or plane at nearby points if advance notice is given to the owner or sale manager.

**TERMS**—The terms of the sale are cash unless other arrangements are made with the owner before the sale commences and the sale manager is notified of the arrangements. Buyers who are not known to the sale manager should bring bank references. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but we will attend to loading on cars or trucks in compliance with instructions from the purchasers.

**HEALTH**—The cattle will be sold under the regulations of the State of Illinois, proper tests will be made and health certificates will be provided on sale day. All female calves born in this herd since 1943 have been calfhood vaccinated for Brucellosis.

**GUARANTEE**—The cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Carl D. McKenzie goes one step further, however, and guarantees that EVERY ANIMAL, RE-

GARDLESS OF AGE, WILL PROVE A BREEDER. A provision of this guarantee is that notice of failure to breed shall be given within six months of the date of this auction sale. Registry certificates properly transferred will be furnished for each animal sold.

**MAIL BIDS**—Those who wish to buy at this sale who cannot attend may send their bids to any of the following representatives: Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.; Lyle Eiten, Drovers Journal, Ladd, Ill.; Danvers, Il.; Tom Sherlock, Oxford, Iowa.

**AUCTIONEER**—Hamilton James, Newton, Ill.; H. P. Miller, Danvers, Ill.; Tom Sherlock, Oxford, Iowa.

**SALE MANAGER**—Don Longley, 16 So. Locust St., Aurora, Illinois.

**LIABILITY**—Each transaction in this sale will constitute a lot. The auctioneer, clerk and the sale manager have been employed by Carl D. McKenzie for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability for the contract or for any accident that may occur. Carl D. McKenzie will make every effort to provide for the comfort and safety of those attending the sale, but he cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Footnotes were written by Carl D. McKenzie or from information provided by him.

TO HELP BUYERS FROM A DISTANCE WE WILL BE HAPPY TO KEEP THE  
CATTLE AT BRITOMAC UNTIL AFTER THE MATHERS SALE, NOVEMBER 4.

**24 Top Cows Sell in This  
Herd Reduction . . . This is  
One of the Best.**

MARELLBAR CLIPPER RITA 15th — Being added to this offering as a special attraction. One of the best young brood cows to sell anywhere. We bought her in the 1959 Marellbar sale and she is the last daughter of their famous Calrossie Clipper Rita. Her dam was one of the best breeding Calrossie cows ever to come to this country. Marellbar Clipper Rita 15th has had three calves. One of these is the herd bull at German Farms, Milford, Illinois. We lost her second calf, a heifer, when it was several months old. Her third calf, a red heifer dropped March 4, by Britomac Prefect, sells at foot. Rebred May 13 to Britomac Prefect.

These heifers sold in the 1955 Britomac sale. They are from the same dependable families that sell in the 1963 Britomac sale.

## Families are VERY Important . . .

Isn't this a fact? In your own herd the most dependable cattle trace to certain foundation cows. If you want to add another family of that calibre, attend this sale.

**For over a third of a century Carl McKenzie has concentrated on those families that have proved most prolific and profitable. You can make selections from these families with assurance that they will produce profitably in your herd.**

**SNI-A-BAR NONPAREIL GEM**

At the 1941 International, Carl McKenzie bought the first prize summer yearling heifer, Sni-A-Bar Nonpareil Gem. It is interesting to note that in the two following years the famous Merryvale herd bought her two full sisters.

During the early years the female members of this family were carefully held at Britomac and it became a dominant family. Two bulls were used at Britomac out of this family.

Eleven female members of the Britomac Nonpareil Gem family are being sold. We believe sincerely that any one of these can do for its new owner what Sni-A-Bar Nonpareil Gem did here.

BRITOMAC NONPAREIL GEM 41st—The prolificacy of the Nonpareil Gems is indicated by the large number in our herd today. Sells open.

**Britomac Golden Drop 2d**, purchased in our 1952 sale by S. J. O'Bryan, Lake Villa, Ill., at \$850. After raising six calves, she resold at 9 years of age to Searle Farms, East Selkirk, Manitoba, at \$675.

**Britomac Golden Drop 6th**, purchased in our 1955 sale by S. J. O'Bryan at \$700. She raised three calves at Susanna Farms and sold in the dispersion of that herd to Northwood Farms, Cary, Ill., at \$800. Six more females of this family sell in this sale.

## The Britomac Golden Drops

When Carl McKenzie found a female family in a herd that met his critical standards he bought the best member of that family or went home without one. He went to the Golden Bull Dispersion about 15 years ago to look at Crichton Golden Drop 9th and her daughters. This was clearly the best family there and they were first through the ring. Her daughter sold first at \$1,500 to Kickapoo, where she established one of their best families.

The Golden Drop cow went to Britomac that day and became the foundation of another strong family. Six of them will be sold in this sale (lots 18-23).

# A BREEDING PROGRAM

Carl McKenzie has never wanted to own a lot of cattle . . . but rather a moderate sized herd of the very best. He has been a cattle breeder . . . not a cattle multiplier. The herd was founded in 1920. He has developed carefully top families. When a cow clicked, he kept the daughters and refused all offers for them.

He has followed the policy of holding a herd reduction sale about every fourth year. In this way he can provide the kind of strong offering he believes in . . . and keep the herd size within limits of farm capacity.

The 1963 Britomac offering is the strongest in the herd's history. These valued families have gone into the hands of critical breeders in past sales. Any breeder sincerely wishing to add outstanding animals should attend this event.

AIR VIEW OF BRITOMAC

OF BRITOMAC FARMS.

### *Seven Good Reasons for Buying at the 1963 Britomac Sale*

1. The best evidence that Britomac cattle are the right kind to buy is the fact they have helped to pay for the farm upon which they are maintained.
2. All but one animal in this sale was bred at Britomac . . . and most of them are backed by several generations of Britomac breeding.
3. The bulls in this sale are the top kind with character, bone and substance.
4. 24 cows sell . . . 12 with calves at foot . . . the others well forward in calf. This means quick profits for the buyer.
5. Great herd sires have always been used at Britomac and dependable cow families retained.
6. Here you can buy a group of females . . . all tracing on the sires' side to the Perth champion Calrossie Prefect . . . and, in addition, uniformly bred on the dam's side.
7. Like everything else on this farm proper attention has always been given to the health status of the herd.

**Britomac Missie 60th, purchased by Robert Dial, Maroa, Illinois, at \$540 in our 1955 sale. He showed her to win many championships at County Fairs. Another member of this same family topped the same sale at \$1,025 going to David L. Grimes & Son, Fillmore, Ind. Five more members of this family will sell in the 1963 Britomac sale.**

---

---

*The next five females listed in this catalog are all members of the Missie family. A total of twenty-five other Missie females have been sold in the three former Britomac sales. Carl McKenzie has taken in approximately \$35,000 from the sale of bulls and females from this family . . . and it all started when he bought the right kind of cow for a family foundation.*

Former herd bulls at Britomac. From left to right: Britomac Perfection by Aair Raid Marshal, dam by Pittodrie Upright; Priam Achilles by Lawton Priam, dam by Cruggleton Achilles; and Ascreavie Priam by Lawton Priam, dam by Ascreavie Duthie.

## The Gipsy Brides . . .

The Gipsy Brides are an outstanding family imported from the A. J. Marshall herd by Ben Studer. Many famous herds have had them . . . Edellyn, Marellbar, Femco, Clear Creek and others.

The Britomac Bride foundation female was one of the best. She was Gipsy Bride 25th and she cost \$1,000 at an Intrenational Congress sale.

BRITOMAC ORANGE LADY 8th—Sells with a roan heifer calf at foot dropped May 29 by Whitehall Newsboy and rebred to him August 1. This has been another strong family. We bought the granddam for \$700 from Joel Hopkins and she was the first daughter of his good breeding bull, Britomac Edwin.

Britomac Edwin, a typical Carl McKenzie production. He was the top bull in a former Britomac sale and was used with great success at Hopkins Stock Farm, Granville, Illinois.

First prize pair of yearlings at the International for Hopkins Stock Farm. The female is H S F Rosebud 3rd by Britomac Edwin.

**BRITOMAC ROSEWOOD** — This has been an outstanding family. We bought the dam in the Hopkins sale and she was a good one. Hopkins bought the granddam from Elcona Farms and Elcona bought the great-granddam (champion female at the International Congress Sale) from Reford Gardhouse. Britomac Rosewood has had three calves—a 2-year-old heifer in the sale, a bull calf we sold last year, and she has a bull calf at foot by Britomac Prefect.

The Britomac kind . . . right in type, full of quality and produced from strong Scotch families that have proved dependable and prolific. They are the kind that wear their pedigrees on their backs. They are the kind that help pay for the land on which they graze.
